

AIKEN COUNTY
PUBLIC SCHOOLS

EXTENDED DAY UPDATE

INSTRUCTIONAL SERVICES DIVISION

Goals for Extended Day Program Consolidation:

- **Provide improved and more efficient services** for our students and their families, and
- Enhance **consistency** of Extended Day offerings, including alignment with instructional services such as homework, digital literacy, and mathematics fluency.

The move to a single provider was initiated by the District through a formal Request for Proposals (RFP) process.

The Process:

- The current RFP sourcing method utilized for competitive bidding in Aiken County Public Schools has been in use for more than 20 years.
- There were three interested providers who submitted proposals - the Sunshine House/QuestZone, AlphaBest, and the FamilyY/PrimeTime.
- Evaluation criteria included the degree of capability of performing the specific services, experience and expertise in providing the services, and pricing.
- The seven-member RFP panel was comprised of two elementary school principals, a middle school principal, and four district-level administrators.

2018-2019 Extended Day Summary Totals

18-29 Extended Day Program	Fee	% Full Pay	% Discount	Total Compensation	Total Students	Average Per Pupil Payout
