INTRODUCTION

Interactive Display Solutions, Inc. (hereafter, “IDS”) is pleased to submit this proposal for your consideration. The proposal will discuss the costs associated with rental of AV equipment and technical support during the 2021 Aiken County High School graduations (hereafter “PRODUCT”) for Aiken County School District (hereafter “CLIENT”) to be held at the seven Aiken County High Schools (hereafter, “FACILITY” or “FACILITIES”).

PROJECT SUMMARY

Mr. Mike Rosier, on behalf of CLIENT, contacted IDS via telephone and email to discuss PRODUCT needs.

This proposal is in response to this request.

There are a total of seven graduations to be held in a two-day period – 6/10/21 and 6/11/21. Three will be held on 6/10 at 8:00 p.m., and four will be held on 6/11 at the same time.

IDS will assemble a team of videographers from other local companies to staff the live streaming at the simultaneous events.

IDS will utilize onsite sound equipment at each school, except for Wagener-Salley and Silver Bluff High Schools. We will bring in loud speakers for these schools. We will be adding an audio mixer and wireless mic to each system, and connecting the streaming cameras to the sound system.

This proposal will provide associated materials and labor cost for providing AV equipment and technical support.

COST: The cost associated for each school graduation with rentals, labor, videographer, etc. is as follows (total price shown for multiples). Labor rate is \$120/hr. A 10% nonprofit discount will be applied to labor and rentals for final total:

1. Mixer	\$50.00
2. Wireless mic	\$50.00
3. Videographer	\$700.00
4. Sound technician	\$300.00
5. Project manager at school*	\$500.00

7. CLOUD SCREEN™ page	\$350.00

NOTE - * = The funds indicated for project manager for the Silver Bluff & Wagener Sally graduations will be allocated for additional sound equipment and associated labor. Dr. Siler, owner of IDS, will be onsite working as the videographer for these schools, so no project manager will be needed.
