

BOARD AGENDA ITEM

JANUARY 10, 2017

SUBJECT:

Curb Appeal Landscaping Project Phase II

BACKGROUND INFORMATION:

On March 8, 2016, the board allowed the administration to use funds from the sale of an unused 3.13-acre corner tract of property at the Aiken Elementary School Site for landscaping and grounds improvements at eleven schools. The sale of the property generated a total \$470,451.75 in additional funding.

ADMINISTRATIVE CONSIDERATION:

The administration has developed a new list of seven schools in need of landscaping and grounds improvements. The improvements would enhance the curb appeal of each of the schools and the surrounding grounds where the schools are located.

RECOMMENDATIONS:

The administration will continue to use the funds generated by the sale of the property to proceed with the next phase of landscaping and grounds improvements at the seven school sites.
