

## **BOARD AGENDA ITEM**

**September 11, 2012**

### **SUBJECT:**

Classroom Rentals for Supplemental Educational Services (SES)

### **BACKGROUND INFORMATION:**

Under the Elementary and Secondary Education Act (ESEA) waiver, districts that have schools classified as Priority or Focus must offer Supplemental Educational Services (SES), or afterschool tutoring, to eligible students. In Priority schools, all students must be offered services; in Focus schools, only students not meeting state standards or students in a subgroup where a significant achievement gap was noted must be offered services. Under the ESEA waiver, districts must use State criteria to choose ten providers. These providers offer services online, in the home, at a faith-based organization, or in the schools. Providers that offer services using our facilities must pay a rental fee.

### **ADMINISTRATIVE CONSIDERATION:**

The State Department of Education and many providers have contacted us over the last few years regarding our facility fee schedule, which varies by Area, and sometimes even by school. To eliminate the inconsistency, the Office of Federal Programs is requesting that a standard rental fee schedule be established for SES providers. The fee would include a \$150.00 non-refundable fee due at contract signing, and \$65.00 per day per classroom, which includes a custodial fee. Providers will be limited to no more than 2 groups of students per classroom and 3 hours per day. Media Centers and computer labs will not be accessible for SES.

### **RECOMMENDATION:**

Approve a district-wide fee schedule for renting to Supplemental Educational Services providers.
