

BOARD AGENDA ITEM

December 13, 2022

SUBJECT:

Textbook Adoptions for 2022-2023

BACKGROUND INFORMATION:

The District examines and evaluates textbooks adopted by the State for use in the classroom and recommends to the School Board those selected by teacher committees for our district. Upon approval by the School Board and funding by the State, schools may proceed to order those textbooks from the State Textbook Depository.

ADMINISTRATIVE CONSIDERATION:

In August of 2022, the Office of Instructional Materials for the SC State Department of Education sent communication that funding was available to expand the adoption of textbooks beyond those included in the Spring 2022 adoption process. Upon receipt of this information, the Instructional Services Division began coordinating the textbook adoption process for courses included in this expansion. Each school was given the opportunity to have one teacher serve on each of the textbook adoption committees. Textbook adoption committees had an initial meeting to review the materials that had been approved by the State and ensure all committee members were able to access the materials for review. A rubric was developed for each committee to use in evaluating the materials. Following the initial meeting, committee members collaborated with other teachers in their respective school (when applicable) to review and evaluate the materials using the rubric. In the absence of a State Department Textbook Caravan, committee members were given the opportunity to participate in vendor presentations. Committee members collaborated to identify the pros and cons of materials and ranked their top choices. A final textbook adoption meeting was held where committee members shared individual school thoughts and came to consensus on the best match between the textbooks and the needs of our students. Each committee member submitted an official vote for their recommended textbook selection via Microsoft Teams Forms. The textbook titles included in this agenda item represent the recommendations of the textbook adoptions committees.

RECOMMENDATIONS:

Adopt the textbook recommendations of the teacher committees.

ATTACHMENT:

List of textbook recommendations
