

BOARD AGENDA ITEM

June 14, 2022

SUBJECT:

Correction to Local School Board Courses for 2022-2023 School Year

BACKGROUND INFORMATION:

The school board must approve locally designed courses annually. On May 10, 2022, the board approved the administration's recommendations for courses; however, there were errors in the amount of credit that should be awarded for four of the courses at Aiken High School. The courses were indicated as year-long courses but should have been semester, changing the credit possible from 1.0 to 0.5. The courses are as follows: African American Literature, Student Publications, Musical Theatre, and African American Studies.

ADMINISTRATIVE CONSIDERATION:

The courses have been offered as semester courses in the past and should remain as such based on the needs of the school and the content of the courses.

RECOMMENDATION:

Approve change of credit from 1.0 unit to 0.5 unit for each of the following four courses: African American Literature, Student Publications, Musical Theatre, and African American Studies.
