

BOARD AGENDA ITEM

MAY 10, 2016

SUBJECT:

Facilities Health and Safety Cleaning Program for the Aiken County Public School District

ADMINISTRATIVE CONSIDERATION:

The district has been in search of a comprehensive custodial program that would assist with improving the cleanliness and upkeep of our facilities. On March 8, 2016, a Request for Proposal was sent to nine providers, posted on the district site and advertised in the Aiken Standard. On April 13, 2016, one proposal was received by Augusta Janitorial Supplies & Equipment. The cost of implementation of this program which includes developmental services and custodial training and education is \$4.00 per student. The proposal also includes unit pricing options for chemicals and tools.

RECOMMENDATIONS:

Allow the administration to accept the proposal submitted by Augusta Janitorial Supplies & Equipment with a cost of \$4.00 per student and enter into a contract with the company.
