

BOARD AGENDA ITEM

May 12, 2020

SUBJECT:

Language Immersion Mathematics: K-5

BACKGROUND INFORMATION:

The District examines and evaluates textbooks adopted by the State for use in the classroom and recommends to the School Board those selected by teacher committees for our district. Upon approval by the School Board and funding by the State, schools may proceed to order those textbooks from the State Textbook Depository.

ADMINISTRATIVE CONSIDERATION:

Upon receipt of the State adopted textbook list, publishers provided schools with sample copies in the areas up for adoption to review and evaluate. As part of our elementary language immersion programs select classroom teachers and administrators of each immersion school were provided appropriate language immersions math samples to review. These textbooks will only be ordered for students enrolled in the language immersion programs in the appropriate schools and will be utilized in place of the standard English math textbooks provided for other students.

RECOMMENDATIONS:

Adopt the textbook recommendations of the teachers and administrators of our elementary language immersions programs.
