## PROFESSIONAL STAFF LEAVES AND ABSENCES

Code **GCC** Issued **8/11/21**

Purpose: To establish the basic structure for all types of professional staff leaves and absences.

The continuous presence of staff members promotes excellence in the instructional program by ensuring the following:

- the uninterrupted continuity of education
- greater teacher-student contact time
- appropriate role-model emulation
- consistent classroom discipline
- reduced cost

Therefore, the board expects staff members to come to work every day. The board recognizes, however, that certain absences are unavoidable. At such times, staff members should take leave in accordance with this policy and its accompanying administrative rule.

Absent staff members must comply with procedures set out in the administrative rule which accompanies this policy.

### **Sick Leave**

#### *Accrual of sick leave*

Staff members of the district who work at least an equivalent of half time or more will be eligible to accrue sick leave on an annual basis.

All full-time staff members of the district will accrue sick leave on a monthly basis for each month of active service. This will provide 12 days for nine months, 13 days for 10 months, 14 days for 11 months, and 15 days for 12 months. A staff member may accumulate sick leave which is accrued but not used, provided that such staff member does not violate his/her respective contract.

Sick leave will be accrued on a monthly basis. Staff members with less than one year of service may apply for advancement of up to five days of sick leave not to exceed the maximum number of sick leave days allowed for the year. This request must be submitted to the chief officer of human resources and administration or designee within three days of return to work.

Staff members who work under a letter of agreement accrue sick leave on a monthly basis. No sick leave days will be reimbursed at the end of the school year. Non-retired staff members working through the completion of the current school year who are hired to work the next school year with no break in service will carry forward any accrued sick leave days.

#### *Use of sick leave for absences*

A staff member may use sick leave for absences caused by personal illness.

#### *Use of accrued leave for illness in the immediate family*

Accrued sick leave days may be used for serious illness in the staff member's immediate family which requires the staff member to provide care. A staff member who anticipates requiring extended leave to provide care for a family member should submit a Family and Medical Leave request form to their supervisor as far in advance as possible. The supervisor will forward the

## **PAGE 2 - GCC - PROFESSIONAL STAFF LEAVES AND ABSENCES**

request to human resources, who will then provide certification documentation to the staff member in order to qualify the medical leave. The certification documentation must be completed by a licensed medical physician and indicate the duration of anticipated leave. The request must be approved by the chief officer of human resources and administration or his/her designee. The term “immediate family” includes the following:

- Parent - A biological, adoptive, step, or foster father or mother, or someone who stood in loco parentis to the staff member when the staff member was a son or daughter. Parent for FMLA purposes does not include in-laws.
- Spouse - A husband or wife as defined or recognized in the state where the staff member was married and includes individuals in a same-sex marriage or common law marriage.
- Son or Daughter - For leave other than military family leave, a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis who is either under 18 years of age, or 18 or older and incapable of self-care because of a mental or physical disability.

When the staff member makes a request in writing, the superintendent or his/her designee may grant a staff member leave without pay for personal illness following the exhaustion of all accrued sick leave and any additional leave granted from the sick leave bank or shared leave as described in policies GCCAAA and GCCAAB.

The district will assign a staff member who returns to work the same or similar duties which he/she performed prior to going on leave, if such assignment is in the best interest of the district. If the administration does not consider it to be in the best interest of the district to assign the staff member to the position he/she had prior to going on leave or to a similar position, the district will offer the staff member a position for which he/she is qualified. The district will place the staff member on the payroll at his/her pre-leave salary status.

### *Termination*

The district may terminate the employment of any staff member who fails to comply with the requirements of this policy and accompanying administrative rule, who fails to report to work at the expiration of authorized leave, or who fails to obtain an extension of leave.

A staff member is subject to termination from employment with the district for misstatements of fact and/or misrepresentations of purpose for which leave of absence is desired or on the basis of which sick leave is obtained.

The district will not terminate from employment those staff members under this policy who have accrued sick leave and who are using it in compliance with this policy. The district will not terminate from employment any such staff member during a continuing sick leave of less than ninety-one (91) workdays.

### *Use of accrued leave for death in the family*

Accrued sick leave days may be used for the death of a staff member’s family member listed below. A staff member who anticipates an extended leave due to death of listed family member must provide request in writing to immediate supervisor including the expected date of return.

The term “family” for bereavement includes the following:

- grandparents
- guardian and ward or other relative living in the household at the time of illness

If accrued leave is exhausted, the superintendent or his/her designee may grant a staff member leave without pay for death of listed family member.

The district will assign a staff member who returns to work the same or similar duties that he/she performed prior to going on leave, if such assignment is in the best interest of the district. If the administration does not consider it to be in the best interest of the district to assign the staff member to the position he/she had prior to going on leave or to a similar position, the district will offer the staff member a position for which he/she is qualified. The district will place the staff member on the payroll at his/her pre-leave salary status.

*Sick leave for retired staff members rehired by the district on an "at will" basis*

Retired staff members rehired to work with the district on an "at will" basis will begin their employment with no accumulated sick leave. A retired staff member will earn sick leave at the same rate as other staff members, but will not accumulate sick leave beyond a school year. A retiree may request for advancement of up to five (5) days of sick leave not to exceed the maximum number of sick leave days allowed for the year. This request must be submitted to the chief officer of human resources and administration or his/her designee within three (3) days of return to work.

### **Transfer of Sick Leave**

A staff member of a state agency transferring to any school district in the state or a school district staff member transferring to a state agency may transfer to and retain all sick leave he/she accumulated at his/her former place of employment up to ninety (90) days, provided proper documentation is received from the sending district or state agency. Termination of employment cancels cumulative sick leave. Exiting staff members may donate available accrued sick leave to the sick leave bank. ### **Reimbursement for Unused Leave**

Unused sick leave may be reimbursed only in the event of retirement or death of an employee. To be eligible for reimbursement, application for retirement benefits must be made to the S.C. Retirement System prior to or within one hundred and twenty (120) days of the last day of active employment with the district. ~~Such~~ Reimbursement for unused sick leave, due to retirement or the death of an existing employee, will be at the rate of \$25 per day.

### **Family and Medical Leave Act (FMLA)**

The board will provide leave to eligible staff members consistent with the Family and Medical Leave Act of 1993 (FMLA). Eligible staff members are entitled to up to twelve (12) workweeks of unpaid family and medical leave in a fixed leave 12-month period beginning July 1st and ending June 30th each year. The district will continue to pay the district's share of the staff member's health benefits during the leave, provided the staff member continues to pay his/her portion. If the

staff member fails to make payment, the staff member's insurance may be cancelled. In addition, the district will restore the staff member to the staff member's same or a similar position at the conclusion of the leave in accordance with board policy.

In complying with the FMLA, the district will also adhere to the requirements of the Americans with Disabilities Act and other applicable federal and state laws.

### **Personal/Emergency/Legal/Bereavement Leave**

#### *Personal leave*

The district will grant staff members four (4) days personal leave per year from the staff member's annual sick leave allowance with prior approval of the staff member's supervisor. For nine-month personnel, the annual sick leave allowance is twelve (12) days. The district will pay for the substitute and the staff member need not explain his/her absence. Personal leave will not be granted during the first five (5) days and last five (5) days of student attendance of the school year, on staff development days, during state testing periods and/or during other major testing periods as designated by the district, or the day before or immediately after a holiday except for exceptional circumstances and only with approval of the principal and the appropriate executive officer (or other appropriate supervisory personnel for staff not located in a school).
