

BOARD AGENDA ITEM

January 23, 2018

SUBJECT:

Recommendation to adjust attendance boundaries to include Trolley Run Station in the Aiken Elementary, Schofield Middle, and Aiken High attendance zone.

BACKGROUND:

Administration recommends reassigning students in the Trolley Run Station area from the Byrd Elementary, Leavelle McCampbell Middle, and Midland Valley High attendance pattern to the Aiken Elementary, Schofield Middle and Aiken High attendance pattern. This reassignment includes a grandfathering provision for current attendees and would begin with the 2018-19 school year. Attendance areas are succinctly defined in Map Attachment B.

ADMINISTRATIVE CONSIDERATION:

Comprehensive internal and external demographic, population, and utilization studies confirm that Byrd Elementary School and Midland Valley High School are currently over their designed capacity. Those studies further reveal that population growth in those attendance areas will continue in the foreseeable future. While space is currently available at Leavelle McCampbell Middle School, it too will be impacted by the continued growth in its attendance area.

RECOMMENDATION:

Approve the recommendation to adjust attendance boundaries to include Trolley Run Station in the Aiken Elementary, Schofield Middle, and Aiken High attendance zone.
